

Training and Workshops: Learning more is the first step to being more.

The **CO-OP Training Department** educates credit unions on virtually every topic they need, anytime they need it. Busy schedules can make live classes difficult to arrange, but with Anytime Learning Modules and monthly webinars, credit unions get the training they require, without the scheduling conflicts.

Monthly Webinars

Over twenty live, instructor-facilitated webinars are offered each month. Topics include DataNavigator, Reports, Online Microfiche, Falcon Fraud Manager and Cardholder Maintenance. Webinars are free of charge and can be taken as many times as desired.

Anytime Learning Modules

Many of us find it challenging to schedule time for live training classes. To address this reality, CO-OP offers Anytime Learning Modules for over 30 topics. They are free of charge and can be viewed wherever, whenever you like!

Training Workshops

Training workshops are offered throughout the country each year. Spend a day learning best practices from CO-OP subject-matter experts and colleagues. Workshops are fun, interactive and popular. Look for a training workshop near your credit union!

Onsite Training

New, Principal clients enjoy the benefits of onsite training. An experienced training specialist will come to your credit union and provide all the training-related information needed to be successful after your conversion.

To learn more about how the CO-OP Training Department can help your credit union, visit co-opfs.org. Click on "Be More," and "Training." For any questions, contact trainingdept@co-opfs.org.
